

<S1A-001 Riding>

<|>

<S1A-001\$A> <#> Well how did the riding go tonight

<S1A-001\$B> <#> It was good so it was <#> Just I I couldn't believe that she was going to let me jump <,> that was only the fourth time you know <#> It was great <&> laughter </&>

<S1A-001\$A> <#> What did you call your horse

<S1A-001\$B> <#> I can't remember <#> Oh Mary 's Town <,> oh

<S1A-001\$A> <#> And how did Mabel do

<S1A-001\$B> <#> Did you not see her whenever she was going over the jumps <#> There was one time her horse refused and it refused three times <#> And then <,> she got it round and she just lined it up straight and she just kicked it and she hit it with the whip <,> and over it went the last time you know <#> And Stephanie told her she was very determined and very well-ridden <&> laughter </&> because it had refused the other times you know <#> But Stephanie wouldn't let her give up on it <#> She made her keep coming back and keep coming back <,> until <,> it jumped it you know <#> It was good

<S1A-001\$A> <#> Yeah I 'm not so sure her jumping 's improving that much <#> She uh <,> seemed to be holding the reins very tight

<S1A-001\$B> <#> Yeah she was <#> That 's what Stephanie said <#> <{> <[> She </[> needed to <,> give the horse its head

<S1A-001\$A> <#> <[> Mm </[> </[>

<S1A-001\$A> <#> She wasn't really getting into the jumping position the way she used to

<S1A-001\$B> <#> Mhm <#> You see we haven't done any jumping for quite a few weeks now <{> <[> you </[> know any proper jumping really <#> And so she probably has lost the <,> momentum for it or if that 's the right word

<S1A-001\$A> <#> <[> Mm </[> </[>

<S1A-001\$A> <#> Mm

<S1A-001\$B> <#> Did she <.> wa </.> she was keen to go in the <,> the jumping lane <#> But it 's been going for three four weeks now and there 's only one more week of it left and that 's next Monday <#> So I said to or Stephanie said there was a new one starting at the end of September <#> So I said she 'd be far better waiting <,> for that one <,> you know and starting anew fresh

<S1A-001\$A> <#> Yeah but I mean what is the jumping like

<S1A-001\$B> <#> It 's just with uh they do jumps and <,> whoever 's the best goes top of the league <,> <{> <[> you know </[>

<S1A-001\$A> <#> <[> So </[> </[> it 's like another lesson but they they do jumping during it

<S1A-001\$B> <#> Well that 's the impression I got <#> I 'm not sure now <#> We didn't discuss it you know

<S1A-001\$A> <#> Well it sounds like more money

<S1A-001\$B> <#> Uh six pounds <&> laughter </&>

<S1A-001\$A> <#> Do you not think we 're paying enough

<S1A-001\$B> <#> I do <&> laughter </&> <#> But Stephanie says that 's for the club <,> the pony club <,> although outsiders can jump in it but that there 's a riding school pony league starting at the end of September <,> for anybody

<S1A-001\$A> <#> Right

<S1A-001\$B> <#> And so I think she 'll be just far better waiting and sorting that out

<S1A-001\$A> <#> Yeah

<S1A-001\$B> <#> Mabel said like she would go on Monday and do without her lesson on Tuesday <,> you know <#> But I was keeping her going cos I says oh I wouldn't do without mine

you see <> laughter </>

<S1A-001\$A> <#> Well is she ready for school tomorrow

<S1A-001\$B> <#> I think so <#> She 's her bag packed and <,> washed out and <,> her pencil case filled and so on

<S1A-001\$A> <#> Is she taking the school bag that uh she had at primary school

<S1A-001\$B> <#> Yeah she is

<S1A-001\$A> <#> Yeah <#> Will it look okay with her new uniform

<S1A-001\$B> <#> Well it 's the same colour anyway <> laughter </>

<S1A-001\$A> <#> Well that 's good

<S1A-001\$B> <#> Well she seems happy enough <#> I said she didn't have to take it tomorrow <,> that she could take her you know the wee shoulder bag she has

<S1A-001\$A> <#> Mhm

<S1A-001\$B> <#> And I said she could just take it tomorrow but she seems to want to take the schoolbag

<S1A-001\$A> <#> Aye she 's probably <{> <[> better </[>

<S1A-001\$B> <#> <[> So </[> </[> although you see I don't think she 's getting any books or anything tomorrow <#> I think tomorrow 's just to get her locker <,> and <,> sort of show them around <,> uhm you know their timetable and <,> give them their timetable and show them where the classrooms are <{> <[> <unclear> several sylls </unclear> </[>

<S1A-001\$A> <#> <[> What about this uh </[> </[> this bus pass

<S1A-001\$B> <#> Well

<S1A-001\$A> <#> Should she get that tomorrow

<S1A-001\$B> <#> She may get it tomorrow she may get it on Thursday <#> They said when I rang up the Education Board that she would get it on her first day at school <#> So I don't know if that would count as tomorrow <,> <{> <[> or Thursday </[> <#> But again they may organise that tomorrow you know

<S1A-001\$A> <#> <[> Mhm </[> </[>

<S1A-001\$A> <#> She 's got a a zip on the inside pocket of <,> her blazer <#> <{> <[> I </[> said that <,> she should have a few pound in there just in case she might get stuck

<S1A-001\$B> <#> <[> Yeah </[> </[>

<S1A-001\$B> <#> Well <,> I said to her that she did tell me that <,> but I said that uhm <,> she 'll probably be leaving her blazer in the cloakroom <#> She 'll not be wearing it all the time <#> And I wouldn't like it to be left down somewhere <,> with money in it

<S1A-001\$A> <#> Well now I think I think she should have <,> money that she can make a phonecall <,> and money <,> in case she loses her bus pass and she has to <,> pay for the bus home

<S1A-001\$B> <#> Mhm <#> Well she should have I mean she 'll probably be taking a couple of pound to school everyday anyway <,> not to spend as such but you know for that reason <,> to have a couple of pound in her pocket just

<S1A-001\$A> <#> Well maybe somewhere in her <{> <[> pencil case or something </[>

<S1A-001\$B> <#> <[> Well she 's well </[> </[> she 's got a zip in her pocket of her skirt

<S1A-001\$A> <#> Well that would do

<S1A-001\$B> <#> Yeah so that closes with a zip

<S1A-001\$A> <#> She may be taking other things in and out of that all the time

<S1A-001\$B> <#> Well I don't know <#> I mean she 'll have her locker key in it too probably

<S1A-001\$A> <#> Mm <#> What about uh Chloe and Penny <#> They ready

</I>
